

Hugo Dunas-Wald

GAME DESIGNER

I like to design games, ask questions and sort out ideas.

I'm passionate about my work but I know how to take a step back.

Experience

2021-2023

BlueTwelve Studio

Technical Game Design

- Worked on the game *Stray*.
 - Programming in Unreal with *Blueprints*.
 - Writing and integration of dialogs and cameras.
 - Gamefeel of interactions with physical objects.
 - Analysis and iteration on the main story line and the world building.
 - Design and integration of *Trophies* and *Activities* for PS5.
 - Creation of various tools and technical documents to finish the game.
- Organised a game jam in between projects.
- Gave a talk about my experience on the project *Stray*.
 - *Starting from the end*, Enjmin Game Conference 2023, Angoulême, France
